

ROAD PERMITS – INFO AND RULES 2016

In Italy, around the Exceptional transport, the Law to observe called “Codice della Strada”. It has 2 captures (61/62) concerning max dimensions and weight of truck (goods dimensions + truck weight/dim)

As follows :

Long Term permit (notice 3-5 days)

Dimensions

Normal truck Dims (LxWxH) x weight
cm 1650x255x400x44T - in 649,60x100,39x169,29x97000lb

Long term permits A

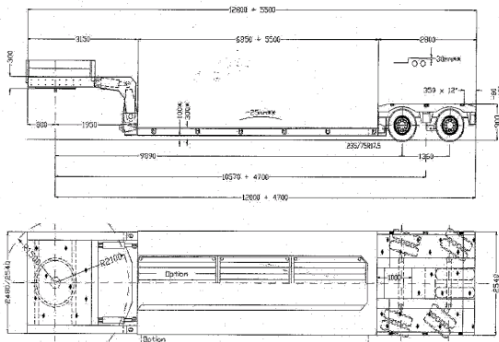

cm2000x300x430x44tT/ in 787,4x118,11x169,29 x97000lb (with 40Ton/88180lb enough for 80% European Countries)

Long Term permits B

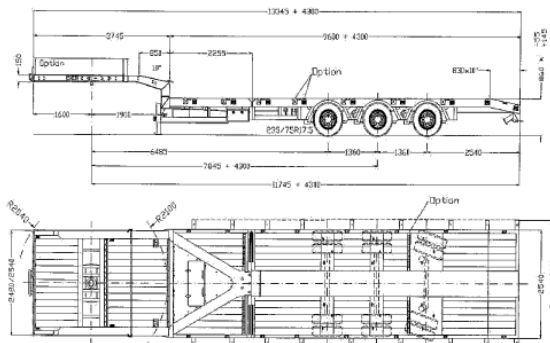

cm2500x255x430x44T/ in 984,25x100,39x169,29x97000lb

Payload

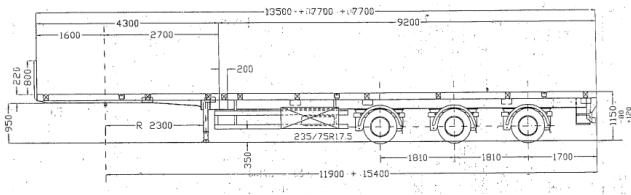

Low loader h=30-40cm -- 11,81 – 15,74in/ Payload 14 – 18Ton // 30800 – 40000lb

Semi loader h=78-90cm -- 30,70-35.43in/ Payload 24 – 27 Ton // 52500 – 61500lb

Plato loader h=115-150cm – 45,27-59,05in / Payload 24 – 27 Ton // 52500 – 61500lb

The load need to be single unit, example we can load 16m length, but it is forbidden a loading of 8m+8m

Special dimensions/weight (notice 15-20days)

Starting from all above dimensions and weight, road permits appliance is needed

In this case :

- We need to ask permits to authorities, they need approx 15-20 days and expired after 90 or 180 days in base of number of trips.
